

## REPORT TO THE JOINT OPERATING COMMITTEE

### RECOMMENDATION ON CHOOSING SUCCESSOR SUPERINTENDENTS OF RECORD

Past Superintendents of Record shall, as a group, meet with the Executive Director of Vocational Education to discuss a recommendation for any change in the position of Superintendent of Record (usually a two (2) year term). Consideration shall be given to those superintendents who best fit the greatest number of these criteria:

Seniority - experience in the county and knowledge of the system

Leadership ability - respect of peers.

Professional interest in the CTC program as evidenced by participation in study committees, visitations, and related activities.

Personal interest in accepting the appointment.

Whenever possible, **first priority** shall be given to a superintendent who qualifies under the above **and is from the same district as the Chairman of the Joint Operating Committee.** If the superintendent who is from the same district as that of the Chairman of the Joint Operating Committee fails to qualify under the above criteria, a qualified superintendent shall be recommended regardless of who is the Chairman of the JOC.

Former Superintendents of Record may be considered for more than one non-successive (two year) term.
